

Dear Santa,

I am Edgar and I am twelve years old. I live in Latvia, but now I have a lot of friends in other countries. I have got all that I need so I would like to wish something for my friends. I am really worried that some of my friends don't read books.

That is why I am asking you to present them some good and interesting books about sport and about our planet, how it is beautiful and valuable for us.

Thank you for reading my letter. I hope you will be healthy and happy in 2014!

Best wishes,

Edgar

Dear Santa,

Christmas will come soon. People decorate fir trees with toys and candies. Children wait for you and your presents.

I also have a wish. I would like my parent to be healthy and happy, my sister to be lucky and good. I will try to be smart and friendly to my parents and grandparents, I want to learn well at school next year.

And I wish the same to all my friends in Spain, Poland, Italy, Turkey and Romania.

I think all the children have the same dreams.

I would like all people in the world live in peace and joy, especially during the celebration of this holiday.

Love, Lina
