

Our experience in Romania

We left from Rome at about 8:00 for Romania. It was the first time in Romania. When we arrived there our host families were waiting for us at the hotel. Our friends' names were " Bianca & Bianca", both so cute and friendly. When we arrived at home they presented us their families. Their houses were comfortable and nice. The first day we visited their school, we had a very interesting geography and history lessons and we enjoyed a lot!!. We visited a lot of places, our favorite ones have been the Poenari Castle with its 1480 stairs and the Salt Mines, near Horezu .We sometimes went out altogether in the evening. We spent good time together and it has been an occasion to know better each other! In these days we had a lot of fun, but mainly we learnt a lot of new things about this wonderful country. We never forget our two friends Bianca and Bianca. Thanks <3 <3 <3
